## 2011 Highlights for Holly and Jason:

1. We are pregnant with boy #7! The due date is early April. Oh, boy!
2. As SW director the Center for Bio-Ethical Reform, Jason finally completed a long-time goal--to bring CBR's campus project to all three of Arizona's major universities: U of A, ASU and NAU! You can see photos and videos on our ministry website:

3. As you can tell from her picture, Holly continues to enjoy working out and is now a certified personal trainer. In a house loaded with testosterone, she loves to get out and Zumba at the gym and go for some "therapeutic" shopping.

Our God is a faithful God and this year has been full of many blessings and mercies. We are amazed by His gracious and patient love for our family, and we hope and pray that 2012 is truly wonderful for you and your loved ones!
