# 2011 REVIEW

As a regional office, 2011 was our most productive year yet! By God's good grace we reached our long-time goal of visiting every major university in Arizona with the Genocide Awareness Project. In 2011 we also continued to reach out to impressionable Phoenix high school students with life-changing information.

Our next major goal is to visit all **nine** Maricopa community colleges. **But only you can help make this goal a reality for 2012!** The audience we need to reach is on these campuses. The longer we ignore this the more babies will die. It's that simple. The students won't come to us; instead, we need to go out with a missionary mindset and bring them the truth. They have told us as much themselves. One 18-year-old female student at the U of A agreed to talk to us on camera and commented, ***"I don't think a lot of college students are aware. I wasn't aware when I first saw these pictures and I just kind of thought it was like a little procedure that was done, but now seeing all these pictures and viewing all the little babies and how small they really are—it's very intense...This is the first time I've ever seen pictures like this."*** To plan aggressively for next year's goal, we need to raise an additional \$3,500. **Could you help with a special end-of-year gift toward this goal?** High school and college students are not aware of the hard truth about abortion, and this is the heart of the problem. **But your tax-deductible gift directly enables us to reverse this trend, campus by campus. Literally speaking, students like those in the collage below can only be reached through your generosity. What an opportunity from God!** If you haven't been giving monthly, then please consider giving \$15 on a regular basis. That's less than 50 cents a day. Each time we go to a campus, God wins hearts, changes minds, and saves lives. If you can give \$30 or \$50 or \$80 a month, we can reach more students, but we need you. **Will you help?** Together, we can stand in the gap in 2012!

## 2011 Outreach Highlights

- "Truth Truck" Media Coverage
- Camelback H.S.
- Paradise Valley H.S.
- Alhambra H.S.
- Carl Hayden H.S.
- Maryvale H.S.
- Chandler H.S.
- Vicki Romero H.S.
- Central H.S.
- AZRTL Conference
- GAP @ UC Irvine
- GAP @ U of A
- GAP @ ASU
- GAP @ NAU
- Phoenix College
